

Sustainability PQQ and ITT Framework

SUSTAINABILITY IMPACT SHEET	Project Title: _____
<p><u>These three Standard Environmental PQQ / tender questions</u> should always be used as standard / guide. In addition, relevant PQQ and ITT questions should also be selected using the relevant hyperlinks below.</p>	
ENVIRONMENTAL POLLUTION AND RISK	
<p>Goods, services or procedures that directly impact on air, land and water (ground and surface) <i>(such as: oil storage; chemicals / hazardous substances; water abstraction and disposal; waste handling and disposal).</i></p>	
PQQ / tender questions on Environmental Pollution & Risks	<input type="checkbox"/> Low <input type="checkbox"/> Medium <input type="checkbox"/> High <input type="checkbox"/> N/A
ENERGY USE	
<p>Service delivery associated with the use fossil fuels or electricity <i>(such as the use of buildings, transportation street lighting, catering, ICT server rooms and electrical and ICT equipment).</i></p>	
PQQ / tender questions on Carbon Monitoring & Management	<input type="checkbox"/> Low <input type="checkbox"/> Medium <input type="checkbox"/> High <input type="checkbox"/> N/A
WASTE MANAGEMENT	
<p>Goods or packaging we receive, which must then be disposed of, or waste that are generated on behalf of HPS <i>(plastics, furniture, electrical goods, construction materials, food waste, clinical waste, and hazardous waste).</i></p> <p><i>Non-recyclable and /or non-separable waste have potential of environmental risk.</i></p>	
PQQ / tender questions on Waste & Environmental Mgt. Systems	<input type="checkbox"/> Low <input type="checkbox"/> Medium <input type="checkbox"/> High <input type="checkbox"/> N/A
ENVIRONMENTAL CONSERVATION AND DISTINCTIVENESS	
<p>Any activity that have the potential to significantly affect biodiversity, water resources, landscape and Herefordshire historic assets <i>(such as construction, building maintenance, highways, open and green space management, asset management, conservation sites etc).</i></p>	
PQQ / tender questions on Environmental Conservation & Distinctiveness	<input type="checkbox"/> Low <input type="checkbox"/> Medium <input type="checkbox"/> High <input type="checkbox"/> N/A
TRANSPORTATION AND COMMUNICATION	
<p>This include the use of vehicle (fuel) and other sustainable communication options for the purpose of delivering of services and products on behalf of or for HPS <i>(This covers all service areas).</i></p>	
PQQ / tender questions on Carbon Monitoring & Management	<input type="checkbox"/> Low <input type="checkbox"/> Medium <input type="checkbox"/> High <input type="checkbox"/> N/A
RESOURCE EFFICIENCY	
<p>Promotion of the use of energy efficient electrical and ICT equipment, water efficiency, and environmental friendly products <i>(Buildings, equipment, supplies and water usage).</i></p>	
PQQ / tender questions on Resource Efficiency	<input type="checkbox"/> Low <input type="checkbox"/> Medium <input type="checkbox"/> High <input type="checkbox"/> N/A

Sustainability PQQ and ITT Framework

SUSTAINABILITY IMPACT SHEET

Project Title: _____

RESPONSIBLE ENVIRONMENTAL CONTRACTOR

Buy goods and services from suppliers that have attained recognised environmental standard; procure from sources with minimal adverse environmental impacts. All prospective contractors and suppliers are expected to demonstrate that they will provide fair and safe working environment for their employees.

[PQQ / tender questions on Responsible Environmental Contractor](#)

Low Medium High N/A

CORPORATE SOCIAL COMMITMENTS

HPS is committed to delivering accessible, efficient, reliable and viable products and services to the people in Herefordshire and one of HPS's corporate commitments is protecting frontline services. All prospective contractors and suppliers are expected to demonstrate that the above HPS's corporate objectives are supported throughout the contract period.

See Section 3.2 of HPS's Sustainable Procurement Guidance

Low Medium High N/A

WHOLE LIFE VALUE

Energy efficient products (white goods, lighting, ICT equipment) and add-ons (*maintenance costs, call out fees, transportation, consumables, cost of making changes, retrofitting, disposal and end-life costs*) can **significantly affect the overall costs of some goods or services.**

See Section 3.1 of the HPS's Sustainable Procurement Guidance

Low Medium High N/A

CLIMATE CHANGE ADAPTATION

All new builds that are to be used to deliver products and services on behalf of HPS's should adequately demonstrate that they are adapted to the impacts of extreme weather conditions and flooding (*All new builds*).
